

Objective: Create software that improves people's lives with a summer internship in 2011.

1. **Enthusiasm for helping others become computer-literate** - with my family, friends, and teachers; ample experience with customer service through tutoring; technical consulting for my high school
2. **Trilingual** - near fluency in French and Spanish
3. **Technical project and job experience**, including website design and development, database management, and site maintenance both by contract and voluntarily.

Work Experience

Founder and Developer Dormlink, a social network for dorms. Prototype URL: http://dormlink.dyndns.org	Dormlink is a web app startup written in php/MySQL, using jQuery for front-end interaction. I built a php framework for its database, designed it, added social features, secured it, made a dynamic UI, and set up a server to host it from my dorm room.	November 2010 to Present
Web Editor Stanford Daily Stanford, CA	I help maintain a WordPress blog and edit the website functionality for the Stanford Daily, a 119-year-old independent, nonprofit newspaper with student journalists.	January 2011 to Present
Intern The Trade Partnership 1001 Connecticut Avenue, NW Suite 1110 Washington, DC 20036 48 Hrs/Week Total Hours: 140	The Trade Partnership is the leading provider of economic research to the U.S. Chamber of Commerce. I built a JavaScript-based map application (http://tradepartnership.com/site/gsp.html) to display business imports, lobbied for free trade in Congress with the map, and adapted the map framework commercially for the Business Roundtable.	July 2010
Webmaster WOW! Children's Museum 110 N. Harrison Ave. Lafayette, CO 8 Hrs/Week Total Hours: 60	WOW! is a nonprofit children's museum. I redesigned and developed a new website, published at http://www.wowmuseum.com/ . I still maintain the website for free as a volunteer, and I teach the employees how to update it using Adobe Dreamweaver.	May 2007 - July 2007; Volunteering: 2007 to 2010
Private Tutor Student Achievement Center Fairview High School and CU-Boulder Total Hours: ~800	Tutored Spanish, English, Math; paid by hour. Volunteered for Spanish, Math, Science, French, English, History. Made a website with references: http://web.mac.com/alexander.atallah/Tutoring/Perspective.html	Aug 2006 to Present; upon request

Education	GPA	SAT
Stanford University, 2014	3.93	2380
